A copy of the Written Consent is attached as Exhibit "A" to this Information Statement.

Management of the Company is utilising the Written Consent in order to reduce the expenses and demands on the Company's executives' time necessitated by the holding of a meeting of stockholders, since the only business of such a meeting would be the amendment of our Certificate of Incorporation to increase the authorized capital of the Company and certain companies which have some common Directors with the Company representing 78.4% of the issued and outstanding shares of the Company's \$.0001 par value common stock (the "Common Stock") have indicated that they will vote for the increase of the authorized capital of the Company, thereby ensuring the approval of such resolutions. See "Vote Required"; and "Other Information Regarding the Company – Security Ownership of Certain Beneficial Owners and Management". The Company has received executed Written Consents from certain companies which have some common Directors with the Company which shall be effective 21 days from the date this Information Statement is first mailed to Stockholders. See "Matters Set Forth in the Written Consent".

Stockholders of record at the close of business on May 29, 2006 are being furnished copies of this Information Statement. The principal executive offices of the Company are located at Level 8, 580 St Kilda Road Melbourne, Victoria, 3004, Australia, and the Company's telephone number is 011 613 8532 2860.

MATTERS SET FORTH IN THE WRITTEN CONSENT

The Written Consent contains a resolution approving the increase in the authorized capital of the Company from 50 million shares of common stock, par value \$0.001 per share to 100 million shares of common stock, par value \$0.001 per share. **APPROVAL OF AN AMENDMENT TO OUR CERTIFICATE OF
INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES
OF COMMON STOCK FROM 50,000,000 TO 100,000,000 SHARES**

Introduction

Our Certificate of Incorporation currently authorizes the issuance of fifty million (50,000,000) shares of common stock, par value \$0.0001 per share. On May 10, 2006, shareholders holding more than 50.1% of the issued and outstanding shares of common stock adopted a resolution proposing that our Certificate of Incorporation be amended to increase the authorized number of shares of common stock from fifty million (50,000,000) to one hundred million (100,000,000).

Current Use of Shares

We currently have on issue 26,711,630 shares of common stock and 21,350,000 options exercisable into shares of common stock, leaving 1,938,370 shares of common stock available for future issuance. We continue to require additional shares of common stock for the purposes discussed below and accordingly, shareholders holding more than 50.1% of the issued and outstanding shares of common stock authorized the increase in the number of shares we can issue to 100 million shares of common stock, par value US\$0.0001 per common share.

Proposed Amendment to Certificate of Incorporation

The Board of Directors and shareholders holding more than 50.1% of the issued and outstanding shares of common stock have adopted a resolution setting forth the proposed amendment to Article VIII of the Company's Certificate of Incorporation.

The following is the text of Article VIII of the amended Certificate of Incorporation of the Company:

"VIII. The corporation shall be authorized to issue a total of one hundred million (100,000,000) shares of common stock, par value \$.0001 per share."

Common Stock

The shares of common stock shall be alike and equal in all respects and shall have one vote for each share. Dividends payable in cash or in any other medium may be declared by the Board of Directors and paid on the shares of common stock. In the event of voluntary or involuntary liquidation, dissolution, distribution of assets or winding-up of the Corporation, the holders of the common stock shall be entitled to receive all of the remaining assets of the Corporation of whatever kind available for distribution to shareholders ratably in proportion to number of shares of common stock held by them respectively.

Purpose and Effect of the Proposed Amendment

The Board of Directors and shareholders holding more than 50.1% of the issued and outstanding shares of common stock believes that the availability of additional authorized but unissued shares will provide the Company with the flexibility to issue common stock for a variety of corporate purposes, such as to raise capital, make acquisitions, effect future stock splits and stock dividends and to adopt additional employee benefit plans or to reserve additional shares for issuance under such plans.

We are currently investigating capital raising to provide funding for the Company's mineral exploration programs and working capital. This may result in the issue of further securities.

Other than as described above, the Board of Directors has no immediate plans, understanding, agreements or commitments to issue additional common stock for any purposes. No additional action or authorization by the Company's stockholders would be necessary prior to the issuance of such additional shares, unless required by applicable law or the rules of any stock exchange or national securities association trading system on which the common stock is then listed or quoted. The Company reserves the right to seek a further increase in authorized shares from time to time in the future as considered appropriate by the Board of Directors.

Under the Company's Certificate of Incorporation, the Company's stockholders do not have preemptive rights with respect to common stock. Thus, should the Board of Directors elect to issue additional shares of common stock, existing stockholders would not have any preferential rights to purchase such shares. In addition, if the Board of Directors elects to issue additional shares of common stock, such issuance could have a dilutive effect on the earnings per share, voting power and shareholdings of current stockholders.

The issuance of the additional shares of common stock could have the effect of diluting earnings per share and book value per share, which could adversely affect the Company's existing stockholders. Issuing additional shares of common stock may also have the effect of delaying or preventing a change of control of the Company. The Company's authorized but unissued common stock could be issued in one or more transactions that would make it more difficult or costly, and less likely, a takeover of the Company. The amendment to the Certificate of Incorporation is not in response to any specific effort of which the Company is aware to obtain control of the Company, and the Board of Directors has no present intention to use the additional shares of common stock in order to impede a takeover attempt.

The amendment will become effective upon filing of a Certificate of Amendment to the Company's Certificate of Incorporation with the Delaware Secretary of State. However, the Board retains discretion under Delaware law not to implement the amendment. If the Board exercised such discretion, the number of authorized shares would remain at current levels.
